Happy New Year! I hope that you enjoyed time with family and friends. It is hard to believe that we are half-way through the school year. We had a great first semester and saw a lot of growth in many of our students. You will be receiving report cards on Friday Jan. 5. Within the report card, you will also find reports from our middle of the year benchmark testing, before Winter Vacation began. I want to remind you of two opportunities for support for your child. Students in grades 3,4, and 5 have the opportunity to stay after school for homework support each Monday, Tuesday, and Thursday until 4 p.m. We also offer remediation classes on Tuesday and Thursday until 4:15. These activities will resume the week of Jan. 8.

**As we have been sharing for several months, we began distributing chromebooks to all students, with signed Responsible User Agreements turned in, this week. If you have not already signed up for the One2One Risk Solutions (\$10), you may go online and sign up using the letters res in front of the five digit code that we previously sent home (also the student's lunch nu.) If this creates a financial hardship and you have not already contacted me, please contact the school. In the event that your child would accidentally damage their device, this risk solution will save you hundreds of dollars in repair or replacement.**

Our 5th grade recently visited residents at Mill Pond in Greencastle to spread some holiday cheer.
